Improvements. Notwithstanding the dail times, many imprevements are contemplated in this city in the early future in the way of buildings,

As we have noted before, Dr. Jas. Carrell has commenced the prection of an elegant store, on Main Street, for his drug busi-ness, which betekens a prosperity and thrift that we are glad to see. Mr. G. W. Brantley also intends to build a two-story brick sterehouse this summer, where his present store and the postoffice are now

As to residences, Mr. Wm. Hamel biss commenced building a handsome one on the corner of Broadway and Yazoo streets, and we learn that Dr. J. P. Moore and Melers. J.E. Redding and J. B. Wilson intend building residences within a few menths. Gen. B. S. Ricks has raised, repaired and greatly improved the residence he recently purchased of Dr. J. P. Moore, on Main Street, and it will be ready for occupancy in the fall.
All these, with the sniargement and

mprovement of the opera house and the building of the compress, will make quite a list of improvements for our city. The streets and sidewalks are being constantly improved, and the drainage of the ponds near the city, will add greatly to its health. Business may be dull with us at times, as it is with all cities, but we believe Yazoo City has a glorious future, and she will move proudly forward in the tulfillment of her mission.

The Postoffice.

Mr. Claiborne Bowman, having filed his bond and qualified according to law, took charge of the Yazeo City postoffice last Friday, May 1st. He is well-known as a business man and public spirited citizen of the county, and will make a good post-master. His assistants are Mr. Robt. Campbell, who has been deputy postmaster for about two years, and Master George Epperson. They will discharge their duties in a spirit of care and accom-modation that will make this effect a

The firm of W. R. Hyatt & Co., dealers in general merchandise, is one of the real, live, progressive firms of the city. For a number of years they have been doing busimess opposite the posteffice, on upper main street, where they built up an extensive trade and made an eaviable name in the business world. Last Tuesday, however, also removed to the old stand of Williams where they propose to still further increase their already large business, by a continuance of the same energy and push, the same integrity and fair dealing that has characterized them in the past. The entertainment given by the ladi es of the Woman's Christian Temperance Union on April 24th, and which was advertised last week to be repeated by special request te-night, at the Opera House, has been postponed until next Wednesday night, May 13th. The ladies always make a success of anything they undertake in the way of eu-

A small admission foe will be charged this time-25 cents for adults and 10 cents for children under 16 years. The hall ought and doubtless will be filed.

An amusing incident occurred here this week between two candidates for the same State office, but hailing from different sections of the State, both in attendance on the meeting of the Odd Fellows in this elty. One has recently become a can-didate and the fact that he is a candidate was not known to the other, who approached him, made himself as agreeable as possible and began talking of his ewn candidacy, the plans of his canvass and the excellent prospects he had for the nom-ination and how happy he would be to se-cure his friend's influence and support. The unknown candidate listened patiently but was reticent, and non-committal. His op-ponent departed thinking he had certainly lest his power to charm. He met a friend on the street shortly afterwards, who in naming over the candidates paying Yazoo a visit at this time, mentioned among others the unknown candidate. It then dawned upon the happy electioneerer why his aweetness was wasted on the desert air, sweetness was wasted on the and he remarked that the next meeting o representative men which he attended he would inquire of those to whom he wished to unbesom himself whether they were candidates before doing so.

Owing to untavorable weather, the plente appointed for last Friday by the Sunday Schools of the Presbyterian and Methodist Churches was postposed until next Friday, May Sth. We trust that the weather wil
